TEACH: From the bottom UP ↑

PRAY: From the top DOWN ↓

TRAUMATIC FACTS from our pasts cannot be changed. Facts cannot be undone. But painful bad memories of them can be neutralized by the grace of God to become nothing more than historical data in the archives of our souls with no power to impact us today. God wants to show the world His power to heal His children and make them whole.

UNRESOLVED TRAUMA creates three **SOURCES** in our souls that continue to generate the pain, fear, and anxiety that fuel struggles in our lives today: **UNHEALED HURTS**, **UNRESOLVED ISSUES**, and **UNMET NEEDS**. These hurts, issues, and needs release **SYMPTOMS** of hopelessness, pain, fear, and more into our souls.

Our souls try to cover over these unhealed **SOURCES** with **LAYERS** (facades) of self-reliance, self-protection, and self-defense. But the negative **SYMPTOMS** will always escape the soul's cover-up attempts and rise to the surface of our souls' consciousness with burning pain.
